

**ZOOM MEETING**  
**Thursday, 21<sup>st</sup> May 2020**  
**5:00 pm – 6:30 pm**

Welcome to the programme for TWIN's first ever "virtual" meeting.

Obviously in current conditions we've had to curtail TWIN's regular meetings. Instead we'll be running a number of 90-minute sessions where subject matter experts address questions posed in advance on a specific topic.

We're looking to run these every 2/3 weeks, probably on a Thursday evening between 5.00 - 6.30, which is roughly about the usual starting time of the regular meetings – and we will be encouraging all participants to have a full glass in hand for the duration!

Our speakers and members will provide us with a cross section of views. I do hope you will be able to participate. Please register your interest via email to [patricia@the-net-work-meetings.com](mailto:patricia@the-net-work-meetings.com) The link to the meeting will be sent to those registered nearer the date.

Also, please let us know if you have any suggestions for interesting topics.

For our first session we'll be discussing:

### **"The Working from Home Revolution!"**

**Alexandra Anderson**  
Partner  
RPC

**Kirsty Angerer**  
Partner  
The Travelling Ergonomist

**Rachael Marshall**  
Senior Principal, HR Advisory Practice  
Gartner

Alexandra is a member of TWIN's Advisory Board and will be well known to most members. She is moderating the panel session and will also be sharing some insight into the actions being taken by various insurers to address the challenges and opportunities of remote working, particularly from an I&D perspective.

Having worked with SMEs to Corporates and Large Industrial Facilities all around the world, Kirsty has the knowledge to help you navigate the ever-changing workplace. She'll be talking to us about how to make remote working successful and adapting to the new norm.

As a thought partner and advisor to CHROs and Heads of HR globally, Rachel consults on Gartner's strategic insights, resources and best practice, specialising in the Future of Work, the Employee Experience (Employee Engagement, Culture and EVP) and Performance Management. She will be talking about HR trends she is seeing as result of Covid-19.
