Monique Alder
Advisory Board Member
TWIN

Our first meeting of 2019 will be Chaired by Monique Alder. Monique is a member of TWIN's Advisory Board and has been a regular attendee of our meetings over the years.

Monique has spent more than 30 years in the insurance industry, most recently as Operations Director for Brit Insurance, where she spent 10 years. Prior to that she worked for Lloyd's of London where, amongst other things, she led significant changes to the market's approach to managing Delegated Underwriting arrangements. Monique originally qualified as an accountant and has an MBA. She is currently taking a well-earned rest from the market whilst deciding on her next career move.

Dermot Kehoe

Flood Re

"Flood Re Transition Plan"

Dermot Kehoe is Flood Re's Communications and Transition Director. He takes the lead in setting communications strategy and shaping the activities that will help Flood Re to deliver its Transition Plan.

Dermot has experience in strategic communications, public policy and journalism including at the NHS; building public support for using new technology and data to improve the nation's health, at the Home Office launching a National Identity Service and at the BBC securing political support for a new Royal Charter.

After Dinner

Elise Aston
Senior 'Lend with Care' Executive
Care International

"The Lend with Care story"

The Net-Work Meetings Limited has been giving Lend with Care Vouchers to the speakers of TWIN and its sister company The-Pensions-Net-Work (TPNW). We believe the vouchers to be far more valuable than a bottle of wine or the like.

Elise has been working at CARE International since 2014. Being part of the small Lendwithcare team, her role is very varied. It includes spreading the word about Lendwithcare as far as possible through the charity's communications and digital and offline marketing, and enabling lenders to support entrepreneurs in developing countries around the world with their Lendwithcare loans. Elise studied Spanish at Oxford University (which comes in handy when working with Lendwithcare partners in Latin America!), and has lived, worked and studied in Spain and Japan. She has been lucky enough to visit several of the countries where Lendwithcare is working and been inspired by the entrepreneurs she has met, and to see how the Lendwithcare loans are really helping them to change their lives and work their way out of poverty.
