Thursday, 25<sup>th</sup> February 2021

5:00 pm – 6:30 pm

Welcome to the agenda for TWIN's February meeting. Last month we covered the inequalities surrounding the pandemic. For this session we'll be applying a different but no less interest lens, delving more deeply into the insurance industry to hear how about **"Industry impacts, developments and response"**. We'll be hearing about the Institute and Faculty of Actuaries Covid19 working group and get a perspective across the industry from Oliver Wyman. Come and join us for this informal and informative session to hear how the industry has been faring and share your own perspectives.

Please register your place ASAP. As usual, the link to join the meeting will be sent to those registered nearer the date. I hope to see you on screen on the 25<sup>th</sup>. Also, please let me know if you have any suggestions for interesting topics.
